

# **CORRECTED FISCAL NOTE**

## **SB 1143 - HB 1893**

April 8, 2005

**SUMMARY OF BILL:** Allocates Hall Income Tax collections to municipalities based on population estimates made by the federal census. Excludes counties from receiving any portion of the allocation. Deletes the one-third share (33%) of the current county and municipality allocation earmarked for the General Fund. Authorizes municipalities to use distributions for general purposes.

### **ESTIMATED FISCAL IMPACT:**

On March 13, 2005, we issued a fiscal note which indicated a decrease of state revenues of \$18,920,000, an increase to local government revenues of \$18,920,000, and indicated there would be a shift of revenues among municipalities. Based on additional information, the estimated fiscal impact of this bill is:

**(Corrected)**

**Decrease State Revenues - \$18,920,000**

**Increase State Expenditures - \$44,000 One-Time**

**Increase Local Govt. Revenues - \$18,920,000 (Municipalities only)**

**Other Fiscal Impact – Distributing Hall Income Tax collections to the municipalities based on population would cause a shift of revenues between municipalities. Some municipalities would increase revenues while others would lose revenues.**

Assumptions:

- FY06 Hall income tax collections estimated at \$152.9 million.
- Currently, three-eighths (37.5%) of Hall Income Tax collections are earmarked for *counties and municipalities*. This would be approximately \$57.34 million for FY06 (\$152.9 million X 37.5% = \$57.34 million).

**SB 1143 - HB 1893 (CORRECTED)**

- One-third (33%) of the \$57.34 million allocation would no longer go the General Fund. This would be a decrease to state revenues (General Fund) of approximately \$18.92 million ( $\$57.34 \times 33\% = \$18.92$  million).
- An additional \$18.92 million would be distributed to the municipalities.
- Counties are excluded.
- One-time state expenditures for computer programming and software modifications are estimated at \$44,000.
